PUBLIC SCHOOL

*Creating opportunity for success*

# PLAYGROUND PROJECT

5/6A & 5/6I

Wondering what to do  
during break  
times????

The background of the entire image is a dense field of pink flowers, likely azaleas, with some green leaves visible. The flowers are in various stages of bloom, creating a vibrant and textured backdrop.

Well guess what???

When springtime  
begins we will  
have heaps of new, fun and  
exciting things for you and  
your friends to do!!!

**So what will be new???**

The soccer grass and the  
grass at the basketball  
courts will have soccer  
goals!!!! Yay!!!

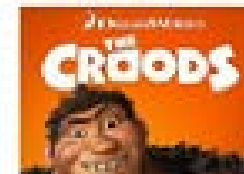

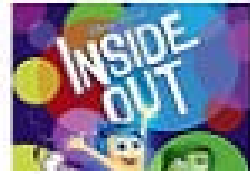

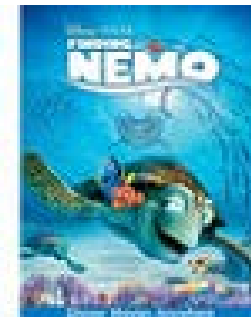

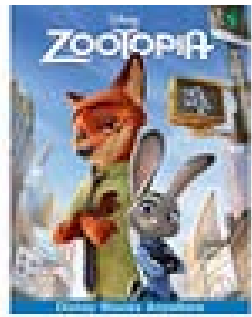

**You will be able to play  
cricket in the cricket nets!  
Woo hoo!**

**The tables under the COLA will have fun things to do!**

There will be a room for movies and dancing once a week....you will need PBL tickets to get in!

On the grass near the  
Year 1 rooms there will be lots  
of fun equipment everyday!

# Next to the hall you will be able to:

- Draw with chalk
- Paint with water
- Blow bubbles

**We also needed cartographers to map the school and work out all available areas.....look how tired Mattin is after his hard work!**

**We had many challenges and problems along the way and once the fun begins there will probably be some more problems.**

**If you have any issues please tell Mrs Anderson or Mrs Arevalo or write it in the complaints book that is in the office foyer.**

**We have a team who work on all problems**

# RULES

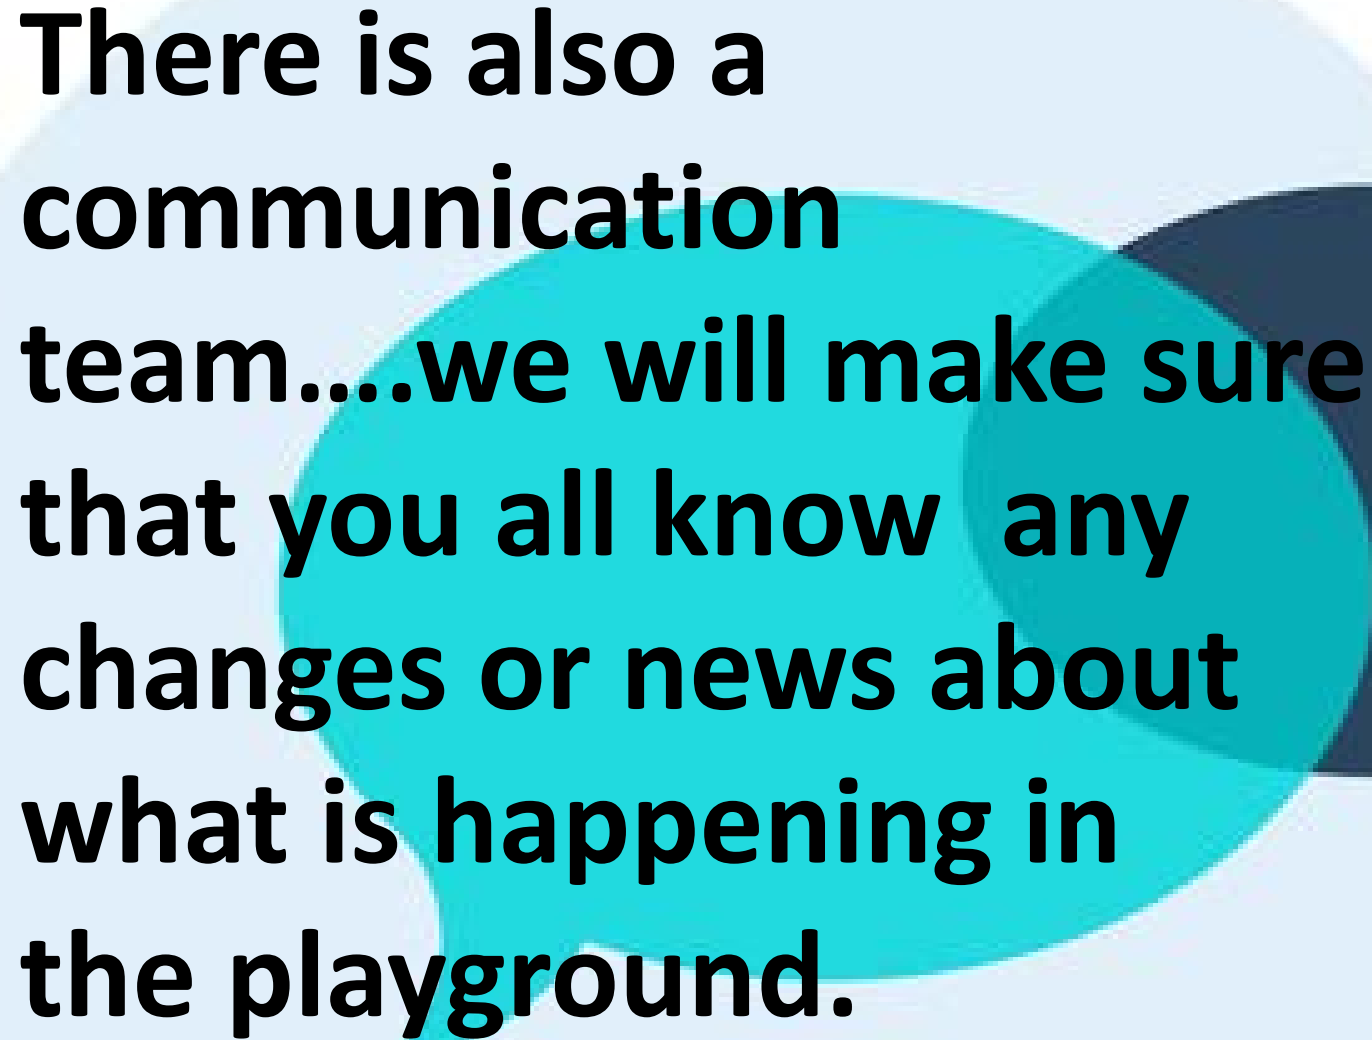

**KEEP  
CALM  
&  
FOLLOW  
THE RULES**

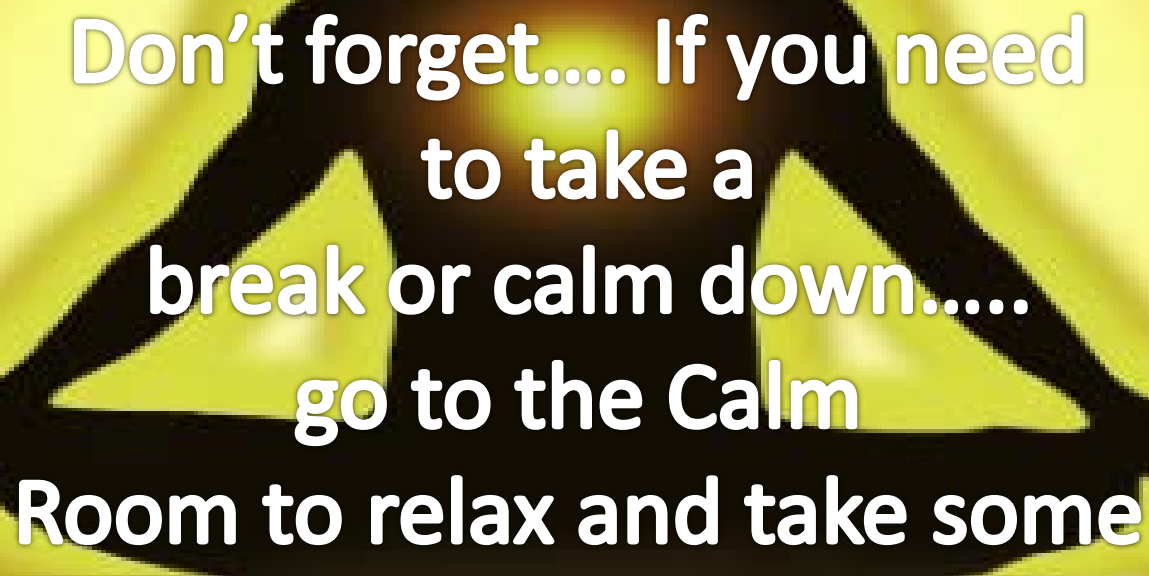

We have some peace keepers who will be keeping an  eye on what is happening in the playground each day...please make sure you follow the school rules!

**There is also a communication team....we will make sure that you all know any changes or news about what is happening in the playground.**

A black silhouette of a person in a meditative pose (Padmasana) is centered against a glowing, golden-yellow background. The person's arms are extended horizontally, and their legs are crossed in a lotus position. A bright, circular glow surrounds the person's head and upper torso, creating a halo effect. The background has a soft, ethereal quality with some darker, wavy patterns at the bottom, suggesting a reflection on water.

**Don't forget... If you need  
to take a  
break or calm down....  
go to the Calm  
Room to relax and take some  
deep breaths**

By the way...there are some more exciting things that are going to happen in our playground later this year.....

A Yarning Circle near the Rabbits and a new park area where the old one was!!!

Regents Park Public School is the BEST!

The background features several large, iridescent bubbles with vibrant rainbow-like patterns. These bubbles are set against a dark background filled with numerous out-of-focus, colorful bokeh lights in shades of purple, blue, green, and yellow. The overall effect is bright and celebratory.

**We hope you make friends,  
laugh and have fun everyday!**

ENJOY
